

2012-15 MAPS Information & Technology Plan
2012-13 Focus Goals

Goal	Activity	Progress
Effective Teaching and Learning	○ Review common core standards (K-12) English/Language Arts	Met with Curriculum Director to target one area for upgrade
	○ Focus on research skills in Grades 3 & 4 English/Language Arts	Updated the Copyright Café web resources for teachers and students
	○ Use the current PLC process for reporting technology curriculum upgrades	
Access to Information Resources and Learning Tools	○ Develop plan to communicate new resources to students (G7-12)	
	○ Update MASH Library/Media Web Site	Completed Fall 2012
	○ Identify gaps in current wireless access points	Reviewed Grade 12 survey results; reviewed location of wireless gear in buildings
Educator Proficiency	○ Investigate venues for staff development in response to data collected on staff surveys, student assessments, new resources, and curricular focus.	
	○ Utilize district staff development web site for future technology staff development offerings	Promote staff development using district site; incorporate Google calendar invitations to manage signups
Systems Support and Instructional Leadership	○ LMSs & Tech Integrator review current telecommunications policies & procedures related to students and make recommendations to School Board	Completed October 2012 & January 2013 (Policies: IIBGA, IIBGAB, GBCAB, GBCAC)
